Looks NEW Standing Small: A Celebration of 30 Years of the LEGO Minifigure

Perfect! English Been waiting for this book to come out since I was 10 years old! Now I'm 27! Rock n Roll! to be continued English Christmas present for 6 year old: He very much enjoyed the book which was well produced and covered the subject thoroughly: We had gotten it from the library and he loved it so much I bought it for him, English I liked it because it arrived and was in good order. There was shipping delays and it came without its protective cover. English Son is a everything lego nut Loves this book. Great price and came well within the time given to. Thank you English Great my sons favorite lego book. The boy loves it and that is what matters. But all good in the end. English Great Book came just in time for Christmas Eve. English Grandson loved lit. English My grandson loved it. He has his own copy. He was getting it from the Library at school. Good price. Shipping was fine. Still cheaper then buying a new book. I ended up buying two books. We have one to read together. English.
