

Ice Trap! By Meredith Hooper **Trapped in ice book** We bought it with Avoid Joining Shackleton's Polar Expedition a great set 978-0711217447 Gripping story of this amazing adventure! This is the best book I've found to share with Y4 6 pupils about historic polar explorers: The book is written by Meredith Hooper and illustrated by M. **The intelligence trap book** I thoroughly admired the pictures as they had a lot of detail. **Ice trap book** I also liked the language because the book had a lot of 978-0711217447 Bought for my 8 year old grandson: **Poe ice trap saboteur build** When I said it was a true story he stopped what he was doing and read it: **Icetrapp leaf ffxiv** The next day he asked his mum to read it to him and his 5 year old sister. **Trapped in ice book** He lives the maps and pictures 978-0711217447 My class of KS2 children have poured over this all term. **The intelligence trap book** They love the line in the back and matching the places to the maps etc: **Ice therapy** 978-0711217447 The wife used it for school 978-0711217447
