My son really enjoyed this book and as soon as he was finished said he wanted to read the entire series: **Zappos** I've ordered the next few books which I am sure he'll enjoy too: **Government shutdown 2024** He's in Grade 6 so he was really able to relate to the character. **Nascar cup series** : Diary of a 6th Grade Ninja (a hilarious adventure for children ages 9-12) eBook : Emerson Marcus Hunter Sal Child Noah: Kindle Store My rating: 4, **Zoom** I rate it like this because I like the illustrations story and how it can relate to me somehow: **Mcafee** I also would like to read the next

one in the series. **Government shutdown 2024** The only thing is that it's kind of quick to develop the plot. Not much to it. But it's "okay" I suppose. Not very much excitement nor cool ninja action.5 out of 5 stars
