

Shattered Vows: An Arranged Marriage Standalone Romance By Shain Rose **Shattered Vows kindle store** Bastian is a great character and the story doesn't disappoint ☐☐ Shattered Vows: An Arranged Marriage Standalone Romance I seriously wish I could give this book stars but I can't the book was something! It was a slow burn yet somehow wasn't it was so frustrating to read like the burn took us to the last two chapters like I'm not One for having the couple be together by the 5th chapter but really chapter 39 ??! Nah it was too long and too drawn out for me some scenes were so good and it's what really made the book good but those weee few and far in between I've read my fair share of mafia books over the years and I can say this is not one I could recommend in good faith but the writing was good that I can say Shattered Vows: An Arranged Marriage Standalone Romance I have been impatiently wait for Bastian's book forever! Shattered Vows: An Arranged Marriage Standalone Romance I really enjoyed reading this. **Shattered Vows multiplication c** 5 stars I waited for this book for awhile after seeing a few teaser tiktoks and it definitely held up to my expectations!! Morina is the type of girl I want to be but anxiety doesn't let me. **Shattered vows novel** I'm also a little confused with how often Bastien mentions indulging other women and if he did but then tells his wife to do so before telling her that she belongs to him. **Multiplication Shattered vows examples** He says he doesn't want them to be together because it will mess up her head and he wants her to have a clear head with the shares then he doesn't want to trap her even though the heroine loves him. **Shattered Vows kindle cloud** So shes constantly throwing herself at him in her defense he says and does sweet things like he wants her but then pushes her away and says they cant have sex even though they already did in the beginning. **Shattered Vows ebookers** Then she threatens she will sleep with other people if he doesn't want her he starts touching and flirting other girls to get back at her for saying crap she gets back at him with by flirting/kissing other guys he then gets mad says shes his has sex or foreplay then he tells her they can't be together and it starts all over again. **EBook Shattered vows wedding** He's pretty boring in the beginning and doesn't get much better unless he's being all possessive and him calling her little girl and her calling him daddy just didn't really fit in with this story or their personalities. **Shattered vows book** For example it would be his POV and then it would randomly change to her POV for like a sentence and go back to his pov like the author forgot which POV she was in. **EPub Shattered vows bridal** Safety: (look to my grds review for detail)Virgins noOw/om drama yesCheating noCelibate after meeting yesOw Shattered Vows: An Arranged Marriage Standalone Romance I've been waiting for Bastian to get his partner.

. She writes romance that cuts deep with a little edge. Morina was so free spirited and made Bastian less stuffy. When they first met their chemistry is off the charts. Loved it. I absolutely loved this book. Marriage of convenience is one of my favorite troupes. She was everything Bastian never knew he needed. They were complete opposites but worked so well together. The chemistry was there. The jealous scenes were there. The spice was THERE. Don't walk but run to download. Shattered Vows: An Arranged Marriage Standalone Romance 4. Dumbest reasonings. Super annoying. I also didn't like how the hero's personality constantly changes. He's too indecisive to be a leader and husband too. Also there were a good amount of editing mistakes. WAITING this whole time. With Morina she seemed like someone I'd be friends with. I loved her so much. She was so strong in her own way. I preordered this book and I'd been waiting. I can tell you that it does NOT disappoint
