CAPM/PMP Project Management Certification All-in-One Exam guidewheel For those of you looking for info on how to pass the exam keep reading! I passed the CAPM exam on my first try with an 'above target' score in every category after studying for 10 days about 3 4 hours a day on average. **Kindle CAPM/PMP Project Management Certification All-in-One Exam guidelines** (did not even get the PMBOK) My studying technique: Read each and every single word of this book while jotting down your own summary notes as they will be your number 1 source for reviewing (don't miss the end of chapter summaries as some have info not included in the chapters themselves) Take the mock exam provided for as many times as you till you score 90 to a 100. **CAPM/PMP Project Management Certification All-in-One Exam guidezilla ii** With that said I had a near heart attack about fifteen questions into the exam because the proctored test resembled nothing close to the practice exams included in the All in One Guide. **CAPM/PMP Project Management Certification All-in-One Exam guidetime** The author tries to liven it by using patronizing humor like 'And who likes writing reports am I right? I mean really people!' I've also read through the PMBOK itself and if you need to choose between that or this book to study I'd recommend the PMBOK itself:

Allocating about 3 hours a day. Also end of chapter quizzes are essential. Take all kinds of mock exams you can find online. Read the ITTO summary sheet provided in the CD everyday.org \$15. konacoffeebelt. This book helped a ton in studying for the CAPM. The book is much less dry than the PMBOK as well. I passed the exam! konacoffeebelt.org I passed the CAPM exam yesterday. Not a single question on ethics. Maybe one question that required math computations. konacoffeebelt. Good luck! konacoffeebelt. Perhaps that emotion played into my failing grade. They do not. Most of the questions are right to the point. konacoffeebelt.org I ordered this book online all the way from Lebanon. konacoffeebelt. Sorry I can't be specific but Phillips' book sucks. This book is much better. Phillip's book is like reading instructions + patronizing humor. It has 1000+ high

ratings on . I'm optimistic. konacoffeebelt. Great for such a stale topic! konacoffeebelt. It is easy to read and very get at able.I wish you all the best!Thanks againSebastian konacoffeebelt.org.
