I enjoyed this book Jamie Lundstrom I love Jamie's book. **Vintage books for decoration** Promosso! Jamie Lundstrom I must say that the photographs are lovely and the author has put a lot of thought into this book but I find the projects lacking inspiration in my opinion. Jamie Lundstrom Only thing I didnt like about this book was the all gray taupe and antique white through out the whole book depressingly dull. **French book decorating ideas for school books** Offre vari spunti per arredi vintage (a chi piace il genere) e suggerimenti per un dei da te mai banale: **French Vintage decorware candles** I was hoping to find something that I would like to try but nothing really appealed to me[1]
