

The Bodyguard's Story: Diana, the Crash, and the Sole Survivor By Trevor Rees-Jones **The bodyguard's story summary** Hardcover Coming across Trevor Rees-Jones' recollection of one of the most famous accidents in Paris most certainly brought back memories of the event of now almost twenty years ago. **Epub The Bodyguard's storyworth** The paparazzi have so much to answer for - and not just in this particular instance - but their continued claim to 'just doing their job' and 'freedom of the press' literally lets them get away with murder ... not just then but still now. **The Bodyguard's storyline online** As I was living in London at the time of the accident and liking what Princess Di had accomplished in her life - predominantly being a loving mother to her children and her extensive charity work - I was floored when she suddenly died in an accident. **PDF The Bodyguard's storyline** Funnily enough the main one being that his lawyers were so intent in getting damages for Trevor yet if he'd given his story to the highest bidder he would have got more than enough to live out his days. **The Bodyguard's storyist** If that had been so why didn't it happen when she was seeing the Muslim doctor? I also doubt very much she was going to rush into marrying Dodi or anyone for that matter. **The Bodyguard's storyland glen** As I read Rees-Jones account of his days with Diana and the dramatic events leading up to the crash I felt as though twenty years had disappeared and it was fresh news again. **The bodyguard's storyj jlr** Hardcover The Bodyguard's Story is the story of the fatal crash that claimed the life of Princess Diana the Ritz driver Henri Paul and Dodi Fayed told by the only survivor of the crash Trevor Rees-Jones. **The Bodyguard's storyland** Money does not necessarily bring respect nor quality; media attention does not guarantee happiness; a career as an intellectually-challenged clothes horse may very well be a short one; beware of beauty which lies in the eye of the commercial photographer; and paramount of all employ only proven experienced professional security who can seamlessly work together as a team to the highest external professional standards. **The bodyguard's storyc ccfc** My sympathies lay primarily with Rees-Jones' parents; their very real anguish caused by no fault of their own; and HRH The Prince Charles; for his arranged marriage to a daughter from a broken home. **Story thieves book 1 summary** Who wins? Only two parties as far as I could see: firstly the surgeon Dr Luc Chikhani who spotted and achieved a truly remarkable and well-deserved career-assuring success in reconstructing Rees-Jones' face; and secondly albeit through a desperately tragic and horrific series of events TRH The Princes William and Harry who lost a woman whom they alone knew as a wonderful mother; but who have both since gained stability love and bright futures which they might not have otherwise known. **The Bodyguard's storyiq** It tells the story of the lead up to the crash his horrific injuries the torment of being the sole survivor who did not remember what happened and how he tried to get his life back to normal. **The Bodyguard's storyist** I read it to hear a direct account from someone who was there especially when there had been so much publicity speculation and controversy surrounding events Hardcover It is a story worth hearing. **What is halo's story** As bodyguard to her companion Dodi Fayed he was with the couple when hounded by paparazzi and with a driver who turned out to be drunk their Mercedes crashed into the thirteenth pillar of the tunnel under the Place de l'Alma in Paris. **The bodyguard book book** Dodi and the driver Henri Paul died instantaneously medics say; Diana was rushed to a nearby hospital where doctors worked feverishly to resuscitate her before giving up in the early hours of Sunday morning. **EBook The Bodyguard's story full book** In a stunning medical drama however a facial surgeon performed a miracle of reconstruction and -- along with Trevor's own indomitable will and the support of his family and friends -- the bodyguard was able to leave hospital after just over a month. **The Bodyguard's storyland** His goal then was straightforward: to return to a normal life as soon as possible go back to work for his employer Mohamed Al Fayed and to the simple pleasures of rugby and his mates at home in Shropshire. **The Bodyguard's Story epubs** And as Mohamed Al Fayed's grief at the loss of his son quickly turned into a desperate hunt for reasons for culprits and conspiracy Trevor found his unswerving loyalty to the Boss at first questioned and then ultimately destroyed as Fayed pointed the finger of blame at him. **Story thieves book 2 summary** It confirmed many of my own thoughts on the responsibility of those giving orders re the departure and driving that night plus it debunked the rumors re the possibility of an engagement. **The**

bodyguard's story I also had not realised how much time Diana and the boys had spent with the Fayad family in the previous month what happened to all the people involved ... although can the remaining doubts finally be laid to rest. **The Bodyguard's storyland** There was always the nagging wonder just what those internal injuries were - especially in the light of a grieving father throwing out all sorts of conspiracy stories - here the reasons are explained and they make perfect sense. **The bodyguard book house** Why could this not have been made public at the time? Or was it simply drowned out by sensationalism? All in all I am so glad Trevor Rees-Jones decided to write this book and tell his story despite worries about his his family's and friends' privacy being 'shaved' to say the least. **The Bodyguard's storyline online** This frank account of what happened that day the weeks leading up to it and the months of recovery in so many ways and on so many levels is an absolute must-read for anyone who lived through that time and wonders what truly went on. **The Bodyguard's Story epubs** Naturally this tale is the writer's own point of view - however how much closer to the events can you get than by someone who was actually there?The book also contains a number of photographs - some public others look a lot more private - and is laid out in descriptive chapters which have an easy flow to them. **The Bodyguard's Story book online** The only thing that I found a little off-putting was the style of switching from past to present tense rather abruptly and only explaining after that somebody was thinking this and that and/or doing something at the time. **The Bodyguard's Story ebook free download** Overall however it appears to be an honest narrative of a very private man being caught up in very public goings on involving the Peoples' Princess a very rich foreigner with desperate needs and his son. **The Bodyguard's Story ebook reader** This one though obviously ghost written and all the just a bloke bits were eye roll worthy it was one of the more interesting of the lot learning about the aftermath and recovery for Rees-Jones,

That's says a lot about Trevor (or his lawyers). Yet after reading this book I'm now 50/50. Anyway I feel for Trevor. For everything he has had to go through. Henri Paul and Dodi Fayed were already gone. It's a time I'll never ever forget. A compelling and riveting book to read. It not well written. Instead of a thinker he's a doer. A solid read. Plan ahead and avoid alcohol if necessary. Sorry to say it was a poor read. Way too much detail on trivial aspects of the story. Miraculously Trevor survived. A normal life was no longer an option. Not well written and probably written too soon afterwards. Weird. And that's a good word for this endeavor. And boy were the Al-Fayeds just awful. Knew that already of course but so.
