

Practice Makes Perfect By Edward Vernon **Practice makes perfect french vocabulary** I would have liked either of the Doctors to have been my Gp! In comparison to how things were done in the old days I feel rather sad that our more modern & efficient practises seem to have lost that personal touch along the way. **Practice makes perfect book** Kindle Edition A thoroughly entertaining and easy read from start to finish! Short chapters of various amusing stories about being a General Practitioner in rural England a few decades ago.

Thanks Kindle Edition A really good readFive stars a really lovely book[1]

And sometimes hilarious account of a doctor's experiences. Easy to read. Will read more. Reminds me of James Herriot's tales. Written withheld observation & wise knowledge. Kindle Edition  
Interesting and fun. I love that it's set in a simpler day. Very humourless read. The life of a Doctor before everything went bonkers. I can't wait to read the next one. Kindle Edition
