Well first things first she's got to get to the bottom of the mystery that everyone else seems to know but her: **Sixpence whiskeyta** And she'd better do so fast because it's sometimes hard to determine exactly

Heather R. It's not easy being a witch. With hard work a smart mouth—and a lot of whiskey. Seph likes her quiet life. Well she hasn't quite figured that out yet. So addictive. Highly recommend. HEA No. Cliffhanger. Blair Yes. Yes. Yes. Fantastic start to this 3 part serial. Jack Frost. cold-hearted snake? Maybe. Maybe not. Persephone Gosse. an apocalypse inducing witch? Maybe. Maybe not. Are they merely exes or much much more? TBD. Doesn't matter. It's hot it's exciting and I'm hooked! Heather R. It's quite the magical brew. Some very bad people want her dead. Even though she knows better. And so do we. Right? (Well see that's the thing. we think we know at least until we don't. but then again. That you don't want anyone else stepping on your toes. His grip tightens then just as quickly he drops my hand. That's right princess. And don't ever forget it. ***Here's a truth for you princess. Don't believe what I f*cking say believe what I do. No matter what happens you're mine. You've always been mine. Especially since it's about her. Yesterday in fact. I'm being tested here but I have faith that Ms. Persephone also known as Seph is a witch who runs a bar. Seph was brave quirky and adorable and she made me smile. A lot. Bam like touching a witch while casting I fell hard. Love the last chapter was in Jack's POV. I needed that but the very last line. Heather R. Blair I am not a review type of person. I have never read a book centered around magic or witches. If I have I have totally forgotten it. This book will never be forgotten. But is he? I kept my eye on him the whole time. Everything that happens is live as it's happening. I totally love that. Every character that was introduced intrigued me. Even the bad guys. The secondary characters didn't feel like fluffy fillers. Blair Well that wasn't lousy. Seriously this is the book equivalent of. Witches shifters gnomes fairies werewolves sprites elementals etc. They're all here and fabulous. Perfect:) Characters Bastard of godlike proportions. Jack. Oh Jack is so much fun elemental sexiness. Plus I have to read 2 other books now
