#1) Oh so goodThis book is a good read. Thatcher and Violet are high school students. They meet when he bumps into her in the art room. Protecting her from high school vultures and himself. Violet thinks Thatcher is a hot jerk who has issues. She just wants him. It's full of typical high school drama.Thatcher Michaelson is a bully. Arrogant. Cruel. Ruthless. And the most attractive guy I've ever laid eyes on. There must be something wrong with me. Violet St. James doesn't belong in my world. Good. Kind. Pure. She's everything I'm not.She doesn't just look like an angel she is one. And I've fought every impulse to make her mine. My inability to stay away has changed everything. She tells me she's not afraid of the fall.But she should be. Thatcher has now made that list. Okay I have never read a high school romance this good. Not the typical formulaic crap in most YA published novels. He was so sexy and protective. Her made me swoon and blush quite a few times. I loved the other characters as well. Violet was just so sweet and down to earth.Amber's writing is phenomenal and the story was addicting. It had the perfect mix of everything. Humor spice love dominance friendship and so much more. And I absolutely loved the best friends.Overall I really liked this story.

It's one I would recommend as a good read. I gave it 3.5 stars. When the Saint Falls (Westbrook Three #1) 3. I read this book in the span of about ten hours. I devoured it. Am I a sucker for enemies to lovers? Yes. I absolutely love McCammon's writing style. I relate to them so much. This HEA made me tear up. My main issues reside with Violet. At one point she wants Thatcher to fight for her. One-click this one right now. The author has great world building and amazing characters. I was hooked for the get go. When the Saint Falls (Westbrook Three funny and stalkerish. He is definitely crazy but the good fun kind. I'm very glad I read this. When the Saint Falls (Westbrook Three #1)
