Being a Kindergarten teacher I must say this will be a great addition to our classroom library! Taking turns and listening while others are talking is very hard for younger students. **I will be needing your help** Waiting for their turn while in line is even harder to do! Here were a few suggestions to teach the students: •I loved how the book encouraged them if someone can't help right away try to problem solve. **I will be needing your help** •Having visual reminders like an anchor chart is great way for students to see what is required I can't wait to get this book! It should be a requirement for every classroom! Bryan Smith Our protagonist Issac is a boy of color who needs to learn how to properly get the attention of adults in the room for help or for an emergency. **I need help paying my cable bill right now** The examples in the story are relatable for kids -- I've seen all of these situations happen! The rhyming part is catchy and will help students learn and remember concrete action steps for Getting an Adult's Attention. **But I Need Your Help Now! kindle** Isaac understands but needs some practice! Isaac's adventures continue at the store at home and at school where the adults are there to teach him even more skills like how he can interrupt a conversation the right way! Told in author Bryan Smith's hallmark humorous style who is in the second grade. **I will be needing your help** I'd recommend But I need your help now! to any children in perhaps the 5-6+ age range who are struggling with how to ask politely for help with understanding patience and when it's okay to interrupt an adult. **This is why i need you pdf** This is an educational resource that would be a great addition to a library nursery or school but also handy to have at home if you're experiencing a problem with children who are impulsive or impatient,
