

The House That Walked Between Worlds (Uncertain Sanctuary Book 1) By Jenny Schwartz **The House That Walked Between worlds** This first book is the heroine a sorceress creating a haven and escape vessel (a walking sentient house Baby Yaga style) after an off-screen tragedy and then fumbling her way through other planets in other dimensions building her family of choice searching for a direction. **Book The House That Walked Between worlds free** Contact Jenny via her website: {site_link} {site_link} A tornado of chaos is tearing through Reality and in its path is the newest House a bleak and forbidding fortress built of magic and grief by the most unlikely of sorcerers a human. **Book The House That Walked Between worlds** The House That Walked Between Worlds is a compelling and original fantasy novel of multiple worlds and beguiling mystery in the tradition of Ursula Le Guin and Diana Wynne Jones. **The House That Walked Between worldsline** This was a whimsical read which whimsical no-restriction kind of magic and creatures from elves and goblins to nagas and cyborg to dinosaurs and birdpeople This was so good I went and downloaded the second book right away. **Fantasy The House That Walked Between worlds** The first chapter is written in some sort of writer's shorthand (incomplete sentences thoughts that go nowhere) which may have been on purpose to convey Kira's confusion and desperation but instead it only confuses the reader: It is just something that happened which is slapped in our face with big signs of you should care about this!! The Russian mythology is also a problem. **PDF The House That Walked Between worlds hardest** There is no feel to the story that is Russian aspect like other books on the same subject (The Bear and the Nightingale by Katherine Arden). **Book The House That Walked Between worlds by john** Russian fairytales are usually the darkest of the dark and there is a flavor of fatalism that is unique to them, **Book The House That Walked Between worlds hardest** Baba Yaga's darker aspect is also brushed under the carpet and she appears more like some cranky grandma. **Fantasy The House That Walked Between worlds cast** Even her power as a witch (female power) is translated to being a sorcerer (male power) which in this world is more powerful. **The House That Walked Between Worlds book summary** Much of the story has been ripped from better books and fandom: **The House That Walked Between Worlds book review** The magic explanations are given to us through exposition of her reading books about it: **Book The House That Walked Between worlds by john** Bian Que? That's Yoda from Star Wars (the author even included the swamp). **The House That Walked Between Worlds books** The moodsetting of funny and tragic? That's lifted from Hitchhiker's Guide: **Book The House That Walked Between worlds by john** I really wanted to like you book.

Book The House That Walked Between worlds by john

Very Different Take on Magic I am enjoying this story very much: **Fantasy The House That Walked Between worlds** The House That Walked Between Worlds (Uncertain Sanctuary Book 1) For the trilogy overall 4 stars: **Book The House That Walked Between worlds hardest** The House That Walked Between Worlds (Uncertain Sanctuary Book 1) This was actually pretty good! I didn't like the beginning at all but once it got going I really liked it: **EPub The House That Walked Between worlds bookpedia** The House That Walked Between Worlds (Uncertain Sanctuary Book 1) I liked this book enough. **Book The House That Walked Between worldstarhiphop** Her familiar is a very large cat hence the cover art on the kindle version that I read: **Fantasy The House That Walked Between worlds** I liked the alien cultures but wasn't impressed with the plot, **The House That Walked Between worlds** The characters were good enough though not as fleshed out as I prefer, **The House That Walked Between worlds** The House That Walked Between Worlds (Uncertain Sanctuary Book 1) Interesting, **Fantasy The House That Walked Between worlds book** Whether I'll reread it will depend on the rest of the series since I don't have my own copy yet: **Book The House That Walked Between worlds by john** The House That Walked Between Worlds (Uncertain Sanctuary Book 1)

Strangely hopeful fantasy science fiction. **EBook The House That Walked Between worlds** Contact Jenny via her website: {site_link} Strangely hopeful fantasy science fiction. **The House That Walked Between worldsline** To escape her enemies she calls on her heritage as a descendant of Baba Yaga and walks between worlds, **Kindle The House That Walked Between worlds book 1** As Kira roams the paths of Reality strangers are drawn to her House: **The House That Walked Between Worlds ebook online free** Some seek refuge some seek power and one just wants kitty treats, **EBook The House That Walked Between worlds by john** With the fate of multiple worlds hanging in the balance Kira must discover what it means to be a sorcerer and the keeper of a House: **Fantasy The House That Walked Between worlds book** The House That Walked Between Worlds (Uncertain Sanctuary Book 1) 5 Stars A dynamite book that is well written fabulous plot line and engaging characters: **Book The House That Walked Between worlds hardest** While this book definitely continues the story in the next book it does not leave you hanging as if the next chapters were left out, **Book The House That Walked Between worlds by john** A series I will be continuing and also placing on my keeper shelf!! The House That Walked Between Worlds (Uncertain Sanctuary Book 1) I LOVED this book, **Kindle The House That Walked Between worldstarhiphop** I don't know how to write this review without turning it into a sales pitch, **Book The House That Walked Between worldstrides** It had a lot of the same vibes as The Innkeeper Chronicles, **Book The House That Walked Between worldstarhiphop** You have a magical house it's not an inn but it does seem the size of a decent castle. **EPub The House That Walked Between worlds** And while the inn seem to be able to send feelings to their innkeeper the House cannot, **Kindle The House That Walked Between worlds hardest** It clear it is intelligent but communication is on the door-slammng variety, **The House That Walked Between Worlds book summary** Unlike the Innkeeper chronicles this house travel TO the magical and weird places and planets and doesn't get visitors from them: **Fantasy The House That Walked Between worlds pdf** Tho Kira does invite quite a slew of people to reside in her House throughout the books: **EPub The House That Walked Between worlds** Another difference is that the Inn is supposed to be neutral grounds. **The House That Walked Between Worlds pdf book** Kira and her House isn't and Kira has to decide herself just what she's going to do with her power as a Sorcerer. **PDF The House That Walked Between worlds pdf** Which seems to be at the top of the magic ranking pole, **Fantasy The House That Walked Between worlds pdf** The House That Walked Between Worlds (Uncertain Sanctuary Book 1) Good read but I thought sadness permeates the book due to Kira's backstory: **The House That Walked Between Worlds ebook online free** The House That Walked Between Worlds (Uncertain Sanctuary Book 1) I really wanted to like this book: **Book The House That Walked Between worlds by john** It had a lot of elements that I would enjoy - a house based upon the legend of Baby Yaga a traveling between worlds and exotic strange beings. **Book The House That Walked Between worlds pdf** But there are deep cracks in this story which appear in the very first chapter which were immediately off putting, **Fantasy The House That Walked Between worlds** The author expects the casual reader to get through this jumbled mess to the next chapter (and the writing does improve so I guess that is a plus). **The House That Walked Between**

Worlds book review Next there is the racism (which I see no other review here has mentioned): **Book The House That Walked Between worlds hardest** When Kira meets Evander the blue elf she identifies herself as human by saying I have sandy colored skin. **The House That Walked Between Worlds epub file** So Caucasian skin color makes you human? This is repeated again later when she meets other alien characters and I found it very jarring and unpleasant: **Fantasy The House That Walked Between worlds pdf** So Kira a medical doctor defines humanity only as the color of their skin, **Fantasy The House That Walked Between worlds book** She's a doctor (as we are reminded numerous times) which would indicate someone in their late 20's. **Book The House That Walked Between worlds by john** Instead she behaves repeatedly like a teenager who doesn't have the sense that God gave her: **PDF The House That Walked Between worldstarhiphop** She trusts everyone she meets but displays no suspicion of anyone despite her TERRIBLE PAST, **Fantasy The House That Walked Between worlds cast** It is hinted out and later is brought out in a big shock splash. **Book The House That Walked Between worldstrides** Because you didn't know her parents but it's a hard pass, **The House That Walked Between Worlds epub reader** The House That Walked Between Worlds (Uncertain Sanctuary Book 1) Light entertaining the beginnings of a strong found family , **Book The House That Walked Between worldstrides** The House That Walked Between Worlds (Uncertain Sanctuary Book 1).

Or the kid. None of that is here. The house? It's a TARDIS stolen from Dr. Who and from Diana Wynne Jones Howl's Moving Castle. The magic? No worldbuilding there. She just thinks and it happens. Is there anything new or original here? Not much. It's lots of fun. I look forward to more of Kira Aist's adventures. Definitely recommended. I'll probably read the next one. Didn't wow me but was a pleasant diversion. I think this is a trilogy. Read on Kindle Unlimited. A reckless act of compassion costs Dr. Kira Aist her family and her future on Earth. From start to finish it was an excellent read. Oh. This gives you quite the window into Kira's mindthink. Let's talk about Kira. Now the TERRIBLE PAST. But do you care? No. . and then BOOM! A sudden cliffhanger ending
