Tragically Beautiful (Graffiti Hearts #2) Tragically beautiful is definitely the perfect description for the amazing story I just read. **Tragically beautiful books** This tough intimidating guy but not in an Alpha Male way but because of the tragic circumstances he had to go through since the beginning of his life and making him impossible to reach! He has to harden his skin so much and so sacrificially for the well-being of the people he loved. **PDF Tragically beautiful day** And Lola? □ We all need a best friend like her! I thought about it since the first book she never gave up on Toni and always showed up no matter how hard it was. **Tragically beautiful art** I loved how Lola was so humble and brave when she was confronted with her privilege not in a condescending way but with all the unbreakable love she had for Alex and the rest of the family and the willingness to use her privilege as a blessing for a greater good.

.Can't wait for Javi's story. Tori Alvarez Couldn't put this one down. I loved learning a little more about Alex. Can't wait for Javie's story. It was different to most books I've read. Was well written and not overly sappy which I enjoyed. Recommend as a nice romance novel. I'm also not a huge fan of surprise pregnancies. Nonetheless I'm really enjoying this series. He commands attention and definitely knows how to use it. Lola is bubbly beautiful stubborn and thoughtful. Would give this 3.5 stars. Until Lola walks into his life. Then she meets Alex Toni's cousin. He cared so deeply for his girl and also his family. I love the deep character arc's that Tori creates. Lover of coffee wine travel.
