{site_link} post a comment The Futanari Warrior: (Futa x Male Futa on Male)OMG! This was so steamy! If you love futas you'll love this story! She used this man for his holes filling his belly with so much nut that he looked pregnant then when she does take him from behind he can see the imprint of her cock in his belly! The action was good too! Dude volunteered so quickly then he saw her forearm sized cock! Now he's a submissive cock sleeve for a Futa tribe, He's not complaining tho his mouth is full!
