Little spitfire being his perfect match. It's going to get messy.And they rule the city with a merciless fist. Vile.Sadistic.Painstakingly beautiful. Some say: Ask for forgiveness never permission.Kage asks for neither.Especially when he gets his hands on me. I should hate him.I should run at the first chance I get. Dark and delicious. Kage is a force to be reckoned with. But that doesn't go as well as he planned either. Kage is a beast and I loved it. Ended on a cliffhanger so I am on to book 2. But what. a. cliffhanger. we're left on. Worse

yet is how she ended up in this position. I need answers and couldn't wait to dive into Symphony. It's definitely NSFW or with a kiddo by your side. Regarding the characters the plot the emotional aspect. Everything was rolling too fast. The heroine's personality changed rapidly. Spoken in 'Dual Perspectives' and ends in a cliffy. It just intrigued her that much more. I can't wait to dive back into this world. To say this was inhaled was an understatement
