

My Heart Belongs to a Dope Boy 2: Serenity & Gutta By Tina J Sitting here patting my feet while sipping on Pepsi and while eating popcorn while w on ur next book to read Kindle Edition It was good! Serenity and Gutta just balance each other out. All I have to say is Gutta and Syn know they dead wrong for not teaching Renny and Piya non-fighting asses how to fight! They had two books to do so! Kindle Edition Tina J I loved this series it was really good from the beginning to the end. but sure how many but I've read just about all of her series except the single books If your looking for good reads you can pick any one this ones no different it gets the job done. Kindle Edition Yassss!! This is how you end a series! I love the love Gutta and Serenity had for one another as well as Syn and Piya! I'm mad it took so long for Gutta to handle Nykeema crazy tail self! Good azz series!!! Kindle Edition Worth the wait Let me start by staying I when I was done reading part 1 I didn't wanna read anything useless until part too. Kindle Edition.

But!!! What kind of backwoods West Virginia country mess you had going on in this book? Kash married Gilly so that made Sun and Gutta her cousins in law and since Sun married Piya that mad Gilly his cousin/mother in law...whew chile I'm here for it you here me Kindle Edition Uncle Kash is back lol!! I'm so happy that both couples got their happy ending:

My Heart Belongs to a Dope Boy 2: Serenity & Gutta Nice very nice This series is A1 lit . I love my girls came out on top and all the people that was against Mt babies got their karma and more: My guys was a beast and i love how they was their for their ladies and family, U did good on yet another book and I'm looking forward top reading more of them. I'm still mad Serenity and never learned to fight and whoop Nykeema.

I was really surprised that Pia couldn't fight and her mother could, I was so happy that Serenity and Gutta were able to get back on track and I loved it, Piya was something else though lol she had me cracking up. I'm glad that she got herself together as well and her Syn was able to stay together though, Kindle Edition A Must Read Lawd that child Piya is a sweetheart but she talk's too damn much about a whole lot of nothing: I understand it was frustrating having to continue to deal with Rhonda and Tory popping up and basically stalking Syncere but Piya messed up entertaining Steven, She already know he was crazy from their relationship from the past, Nykeema knew she messed up and refused to let Gutta move on. She should've been paying close attention to her so called friend Tracy, Kindle Edition

is there a need to say this was a good book Tina J made her way to my favorites about 500 books ago..., Happy reading Kindle Edition ass book This book had me laughing from beginning to end.

Made me laugh out frfr. The way she whooped all three of them girls was hilarious. When Piya through her coffee in Rhonda's face and took off running.

. She know how to calm his crazy. Kindle Edition This was a good funny series. Gutta didn't play about her at all. I don't know what made her think he changed. Syncere got hurt trying to protect

Piya. I don't get why Nykeema didn't move on. Gutta was happy with Serenity and Nykeema couldn't stand it. What she did to his mother sickened me. It showed how truly unstable Nykeema was. She was so busy worried about Serenity. Waste no more time download and read. Loved this story. Syn leaving Piya in that wall was funny as hell. Gutta was wrong for taking Ny side over Serenity. That Ice trick I'mGonna try ☐☐☐. Gilly my favorite. I couldn't catch at Piya running from Rhonda lol. Gilly didn't play the radio about Piya and Serenity
