

Rogue Elves of Ardani (Elves of Ardani #2) By Nina K. Westra **PDF Rogue Elves of ardanis** I also have the feeling this sequel got a little dirtier and a little more angsty.

Rogue Elves of ardanica

This was such a beautifully written story full of action with the perfect amount of romance. **Rogue Elves of ardanica** You don't have to read the first book to follow along with this one but it was fantastic to see characters from book one revisited and have their storylines interconnect with that of the characters in Rogue Elves. **Book Rogue Elves of ardanica** I had some issues with Crow at the beginning of the book but ultimately I think the later reveals about her past and present circumstances managed to humanize her in such a way that I was able to enjoy the development of her relationship with Varaa. **Rogue Elves of ardanii dnd** I was going to give it only 2 stars because I grew tired of it and glossed over a few things in the middle but to be fair it's not that this story was particularly boring it's just that it follows a pattern I am fast growing very bored of - so I put this back up to 3 stars and I'm gonna write a mini rant below instead. **Book Rogue Elves of ardanism** So I feel it's been a recurrent thing for me while reading romance novels and fantasy ones in particular that the story would start great with a lot of original things going on for it but somehow melts back down to average through the course of the book. **EPub Rogue Elves of ardani goh** We also have an intriguing premise and the whole book is consistently supported by good writing and compelling world building - lots of good things going on! And indeed until I'd say 1/3 in I am having a great time and thinking this book is very solid. **Book Rogue Elves of ardani goh** This makes it all the more frustrating when somehow down the line characters inevitably morphed back into generic romance characters with generic problems generic doubts and a generic way to get over those!! One thing that might have made this worse is the weird triptychal structure of this book. **Rogue Elves of Ardani bookworm** This was such a stupid scene: why would they had wasted time doing this while being on the run?? That just made the two main characters look dumb and undermined the darker scenes that follow. **Book Rogue Elves of ardanica** So all in all an ok read - that could have been good with some editing out of the longest bits - but could even have been great if it had actually used the originality it started with instead of devolving back into an average fantasy romance. **Rogue Elves of ardanihe** Westra Finally finally finally! This is my second ARC copy read got the book for free and Im not ashamed to give critique when its due (like my firts ARC read which is a DNF even if I did very very hard) But here we are on my second ever ARC read and Im so so happy that this is soooo good of a book! Thank you!!!! An easy five star book in content plus I luv the cover very much. **Book Rogue Elves of ardanin** I really liked that it had a lot of adventure and the romance development is better than the first! I just rooted for them both! I was a bit sorry that the warden was beyond saving from darkness I did rooted maybe a bit. **Rogue Elves of ardanien** All the hits are back: crystal-clear prose that doesn't waste a single word a contained interesting little world some definite moments of darkness and a compassionate (and steamier I think?) romance. **PDF Rogue Elves of ardanin mutfagi** 75A prison break a daring escape a soul binding contract and heated attraction all rolled into this revenge/ romance tale for our two broken leads who are just trying to survive and piece themselves back together along the way. **Kindle Rogue Elves of ardani fikriansyah** I just personally wasn't a fan of the tropes and the characters in general - I could never really empathize with either Vaara or Crow but again the fault lies not in the writing but in my personal taste.

But as the author said this book can stand alone. **Rogue Elves of Ardani booking** It really can!The world building is wonderful and the characters are perfectly fleshed out, **Rogue Elves of Ardani kindle app** There's not a page I didn't enjoy! The witty banter is honestly perfection: **Book Rogue Elves of ardanism** This is also a great book if you're new to ~spicy~ literature: **Rogue Elves of ardanica** The romance scenes are enjoyable but not overly graphic in their descriptions: **Rogue Elves of Ardani fantasy 5e** 10/10 would recommend and I will be picking up books by this author again: **EPub Rogue Elves of ardanian** I received a free copy of this book via Booksprout and am voluntarily leaving a review. **Rogue Elves of Ardani books** Westra Rating: Spice Scale: Heat Scale: I can't tell you how much in love I am with this series and Nina's writing. **Rogue Elves of Ardani epublising** The prose is flawless with rich and in-depth worldbuilding without infodumping or wasting a single word. **Fantasy Rogue Elves of ardanis** I dare to say this series is one of the most seamlessly flowing ones without being cheap: **Rogue Elves of ardanijo** But what I adore even more are these characters and their nuanced personalities, **Rogue Elves of ardanillo** First we saw Novikke and Aruna have a rollercoaster relationship while juggling their communication and cultural differences. **Rogue Elves of Ardani book 1** And now we see Crow and Vaara face their fears together and in each other that are rooted at the same place, **Rogue Elves of Ardani fantasy 5e** I didn't think I could love anyone else other than gentle Aruna but grumpy Vaara has my heart also Nina K, **Book Rogue Elves of ardani fikriansyah** Westra I was provided a free copy of Rogue Elves of Ardani in exchange for an honest review. **Book Rogue Elves of ardanie** My thoughts: Rogue Elves of Ardani is an enjoyable read for fans of fantasy and the enemies to lovers trope. **Book Rogue Elves of ardanin mutfagi** With plenty of magic action simmering romantic tension and solid villains the book is bound to keep you hooked from beginning to end, **Rogue Elves of Ardani ebook free download** My main criticism for the first book was a lack of banter and I'm happy to say we get plenty of wit and humor between the love interests this time around, **Rogue Elves of ardanien** Their interactions added some nice liveliness to the progression of their relationship and balanced out the heavier elements of the story. **Rogue Elves of ardanihe** Overall I believe this book is a great installment in the series: **Book Rogue Elves of ardani goh** The world of Ardani is full of well rounded characters the romance delivers and the pacing is just right- with something interesting always occurring in every chapter, **Rogue Elves of Ardani ebook reader** The author knows how to write deep intrinsically flawed characters that are interesting to read while also carrying a level of relatability and realness, **Rogue Elves of Ardani fantasy 5e** I can't wait to see what else the series has in store: **PDF Rogue Elves of ardani goh** Westra I wanted a romance break in my readings but this didn't exactly hit the spot for me. **Rogue Elves of Ardani book 2** Here characters start off as novel with interesting traits and backstories ripe with potential: **Kindle Rogue Elves of ardanis** I know the first book in this series (which I have not read myself) was initially published as 3 separate volumes, **Fantasy Rogue Elves of ardanis** I wonder if the author serializes their online publication or something because this one too felt rather like a group of 3 books. **Book Rogue Elves of arдания** We have clearly 3 parts 1 different mission each 1 sex scene each 1 relationship step each etc: **Book Rogue Elves of ardani goh** It could be fine albeit a bit weirdly regular but it turned out to become fertile ground for fillers, **Rogue Elves of Ardani ebooks free** At one point we get the novel equivalent to the well known anime episode filler of the

onsen trip: **Rogue Elves of Ardani book 2** Well developed world characters with depth and complicated emotions and a slow burn romance makes this a page-turner Nina K. **Rogue Elves of Ardani booklet** That was a pre final book and had no grammatical or storyflow errors which I do find even in plusieur edition still. **Rogue Elves of ardanihe** It was perfectly written easy to engage and caught up in the flow of the story. **Rogue Elves of ardanijah** I loved the first too but this second!!! Amazing! I loved both main characters and that we had a glimpses back to Novikke and Aruna whereabouts a bit: **PDF Rogue Elves of ardanie** So summa summarum I did love the book I enjoyed every moment of the story and cant wait to get it on paperback!!!! And if any new night elf is out there... Nina K: **Rogue Elves of ardanica** Westra grew up reading books full of magic adventure and mythical creatures but she always thought the best parts were when her favorite characters got to kiss: **Rogue Elves of Ardani ebook free** Now she writes her own fantasy romance books and has a love of antiheroes outsiders and feminist men, **Kindle Rogue Elves of ardani goh** She lives in the ridiculously beautiful Pacific Northwest and when she's not writing Crow sees a kindred spirit, **Rogue Elves of ardanila** In him she sees an opportunity to rebel against her master and win freedom for them both: **Rogue Elves of ardanica** But will he ever see her the same way?
