

Eclipsed By Patricia Burke Brogan Would've given it three stars if not for the over abundance of exclamation marks in the script!!!!!!!!!!!!!!!!!!!!!! (That's how it felt to read)I'd still love to see the play performed because I do think the story has merit but the production we watched in class didn't do it any justice either ☐ 9781897648346 Hard to get a real feel for this as a script but definitely something I would like to see on stage. It tells the woeful tale of a group of 'fallen' women who have had their babies snatched from them at birth to be given up for adoption.

I read this play for school but I enjoyed it. 9781897648346 From a dramatic standpoint this is a great play that contrasts the horrors and abuse that took place in the Magdalene Laundries with the friendship and silliness that comes with a close group of young women. It is not able to cover everything about these tragedies but it does really well with its confines and shows the multiple ways these women were abused the forgotten women-and literature like this going forward is giving the spotlight to these women who otherwise never had a voice, 9781897648346 This all-woman play is set in one of the old Mary Magdalen laundries run by an order of nuns: It was easy to imagine each character as all of their personalities shone throughout the play, The stage directions were very good and I think it would make a great play with the flexibility of what you are able to do with the directions, It had a very strong ending and was a glimpse of history. Historically this play is an important work in an issue that is still being brought to light: 9781897648346 Read this play for school but genuinely found it to be a thought-provoking and their wretched lives of drudgery earning their keep in the laundry, Eclipsedit makes life in the laundry seem like summer camp! 9781897648346 Writing was alright strong end, 9781897648346 Deeply heartbreaking depiction of a dark part of Irish history 9781897648346 This play man, My heart sank to my feet from the opening scene and stayed there. A beautiful love letter to female solidarity 9781897648346 required read but still worthwhile[1]

Shameful glimpse into my country's past. 9781897648346 Waiting on my letter from Elvis. Just seemed jumbled. But kudos to Burke-Brogan for bringing this issue to light. Good stage directions. Tells an important story. This freaking play. Ireland Magdalene Laundries Nuns Elvis you know how it is. 9781897648346
