

The Last Bear By Hannah Gold **The last barfighter game** It's a story of courage a story of love a story of conviction a story of deep sincere friendship and story of how if every single person on the planet just did one thing how we could save this world and create a planet where humans can live in harmony alongside the animal kingdom and nature just one thing As soon as I'd read the first couple of pages in this book I knew I wouldn't be able to put it down until I'd finished. **The last bear hannah gold genre** I can't think of many authors who can write a debut novel which captures your imagination sucks you into the world of April and Bear and creates inspiration for you to become a nicer human in this world. **Lost bear book** Finished in 3 days flat!! On a personal note I found so much Dumbledore Esque wisdom in this book as well as a gripping story I hope it makes the change that April lobbies for! The Last Bear
