

The Hawthorne Legacy (The Inheritance Games, 2) By Jennifer Lynn Barnes **The Hawthorne Legacy kindle app** But gosh I just adored how Avery worked so well with one of them!! They were a good team! This is like Clue meets Knives Out meets Nancy Drew! It's a fast paced exciting story with enough romance that still had me swooning! Yay KISSES!!! I cherished every minute (it was never dull) and I'm sad it's over!!!! I hope this author writes like this!! 978-0759557635 Let me first say I LOVED the first one. **The Hawthorne Legacy kindle app** She already mentioned how Jameson only likes her when she's a challenge and how she doesn't want that but then all of a sudden she does? I also didn't understand why her and Grayson kept their distance from one another. **The Hawthorne Legacy pdf** But for the ending to just change everything; and for the guy who has always had her back to suddenly just not be there for her? That felt like it didn't match with his character at all. **Medicine The Hawthorne Legacy credit** My largest one being: can Avery and Grayson PLEASE end up together in the next book? (Sorry couldn't help myself) 978-0759557635 I read the first one at the beginning of the summer with a couple friends and we all preordered this one. **The Hawthorne Legacy book series in order** My only problem is that I now have to wait for the next one! 978-0759557635 Note: this is part two of the „Inheritance Games“ trilogy and starting here with the story is not recommended. **The Hawthorne Legacy book order** The sequel starts right where book one left off with Avery and the Hawthorne boys trying to solve late Tobias Hawthorne's riddle to finish the game he set them up to play. **The Hawthorne Legacy book series in order** Although Avery hasn't been heiress for too long she got used to a lot already so the newness of book one the twisted Cinderella story with loads of baggage isn't that much of a focus as it was. **The Hawthorne Legacy order** I would highly recommend to anyone who loved the first book and if you haven't yet read the first book I recommend you go read that as it's just as good of a read. **The Hawthorne Legacy book series in order** 978-0759557635 Such a great book I loved it so much and it was really well written! Just as good as the first book (the inheritance games)! I would definitely recommend 978-0759557635 The follow up to The Inheritance Games sees secrets from the past emerge credible threats to Avery's life arise and the love triangle between Avery Grayson and Jameson continues. **The Hawthorne Legacy book series in order** There are lots of twists and turns and people involved and I think I should have refreshed my mind on who was who in the Hawthorne family but no matter it was a fast paced thrill ride with a smattering of romance. **Hawthorne Legacy book 3** 978-0759557635 It was an amazing book pure genius! I loved reading this and was constantly drawn to each word! Great book! 978-0759557635 The #1 New York Times bestseller and a USA Today bestseller! Intrigue riches and romance abound in this thrilling sequel to the beloved bestselling The Inheritance Games The Inheritance Games ended with a bombshell and now heiress Avery Grambs has to pick up the pieces and find the man who might hold the answers to all of her questions including why Tobias Hawthorne left his entire fortune to Avery a virtual stranger rather than to his own daughters or grandsons. **The Hawthorne Legacy synopsis** With nonstop action aspirational jet setting Knives Out like family intrigue swoonworthy romance and billions of dollars hanging in the balance The Hawthorne Legacy will thrill Jennifer Lynn Barnes fans and new readers alike:

And clues in this story just as much as I loved them in the first book, **The Hawthorne Legacy book series in order** I love to try to solve the puzzles in mystery stories and Jennifer Lynn Barnes makes the reveals so good but also not obvious at all, **The Hawthorne Legacy book series in order** This series is the first series I have ever read where I actually like the love triangle element: **The Hawthorne Legacy synopsis** Grayson and Jameson are both so good and I can't imagine who Avery is going to choose: **Medicine The Hawthorne Legacy box** Series Value I think this series could probably end with this book, **The Hawthorne Legacy book series in order** Do I want it to end here? Absolutely not! I want Jennifer Lynn Barnes to write infinitely stories about this family and their eccentric ways, **The Hawthorne Legacy book series in order** I am very excited that there will

be a third book and I'm excited to see if all of the open items are tied up, **The hawthorne legacy book order** I read both book 1 and this book in the span of about 48 hours. **The hawthorne legacy book series in order** 978-0759557635 WELP that was a real rollercoaster: **The hawthorne legacy ebook** GAME ON! Here we are back at the Hawthorne Estate that is full of secret passageways and clues. **The hawthorne legacy book series in order** Not to much all the riddles and mystery and intrigue!! This was another wild ride that was thrilling from page 1, **The hawthorne legacy book series in order** It had my heart racing and not wanting to put it down, **The hawthorne legacy book order** I'm definitely not smart enough to figure out any of the clues or riddles that they're working through but it's so fun to be along for the ride. **Hawthorne legacy book summary** I LOVED being back with the cunning clever Hawthorne Boys and Avery! I couldn't get enough of them. **The Hawthorne Legacy medicine cabinets** I constantly kept going back and forth on whether I loved thrill seeking Jameson or suit wearing Greyson. **Hawthorne legacy book summary** I read it in one night because the balance of dialogue and exposition was perfect: **The hawthorne legacy book series in order** Each character is well developed and all four brothers are interesting and dynamic and they don't blend together. **The hawthorne legacy order** I also found the puzzles to be inspired westing game meets knives out with romance: **The Hawthorne Legacy kindle app** It seemed like all the puzzles were just realizations that someone is related to someone else but then oh no just kidding. **The hawthorne legacy book series in order** I also didn't feel like the Avery/Jameson/Grayson love triangle made sense here, **The hawthorne legacy book series in order** They are clearly endgame (or I hope with a third book) and there was no good reason to not embrace their chemistry. **Hawthorne legacy book 3** All in all I felt the book tied up a lot of things but it didn't really create anything new for me to be curious about if there is a final book. **The hawthorne legacy read online epub** I'm sure I'll read the finale but I won't have the same 'have to preorder and read it the day of' feeling the first one gave me. **Hawthorne legacy book summary** 978-0759557635 Initial ThoughtsI was so excited to be chosen for this tour, **The hawthorne legacy book series in order** I had been wanting to read this series for a while now and being on tour for the second book was a perfect opportunity. **The hawthorne legacy spoilers** I loved the fact that the first book is compared to Knives Out and I couldn't wait to puzzle out the mysteries and riddles, **The hawthorne legacy book order** I loved the riddles puzzles the adventure the character development...all of it: **The hawthorne legacy book series in order** From the beginning of book 1 I've been so deeply team Grayson, **The hawthorne legacy book series in order** He and Avery had such a slow burn soulmate y romance going and I was living for it, **The hawthorne legacy book series in order** Then for Jameson to be the one that comes in and bets it on her and for Avery to choose him? I mean this was the dude that DROPPED her in Book 1. **The Hawthorne Legacy kindle app** IMHO Grayson was 100% endgame which it felt like the author was building toward and it's really devastating that just like that he wasn't. **The hawthorne legacy read online epub** That said I love this author and her unbelievable ability to create intricate mysteries like these. **The hawthorne legacy online book** I finished it in less than a day and I loved it! The language is a bit inappropriate at times but most books have that problem, **The hawthorne legacy book series in order** The story is very compelling I love how it isn't graphic I hate gory stuff: **The hawthorne legacy book order** It's the perfect amount of mystery to make me want to keep reading without being scary and me and my friends love the romance, **The hawthorne legacy book series in order** We all try to guess whether Avery will end up with Grayson or Jameson, **The hawthorne legacy book series in order** Barnes' stories with all the machinations the intrigue and the according riddles and puzzles. **The Hawthorne Legacy kindle unlimited** And „The Inheritance Games“ was all I love about that genre: **The hawthorne legacy online book** Although Avery learns that media and what comes with people's interest very much prevents her from flying under the radar probably forever. **Hawthorne legacy book summary** Another thing troubling her are the things the Game unveils about her mother her father and everything she believed to be true, **The hawthorne legacy book series in order** The things troubling me the most were Avery's sudden proneness to too

stupid to live actions and the famous love triangle: **The hawthorne legacy ebook** A lot of questions are answered one could say a lot of riddles solved as well as the love triangle resolved, **The hawthorne legacy book order** Overall the book wasn't as awesome as the prequel for me but it was still a good book that kept me interested so that I will definitely read the next installment, **The hawthorne legacy online book** 978-0759557635 This book was just as amazing as the first one full of riddles that I would never have the brain to solve: **The hawthorne legacy book series in order** Just when you think you've figured things out it turns out you haven't which I loved. **The hawthorne legacy book cover** Avery is unsure who to trust everyone has their own secrets and agendas but she can't sit on the fence forever, **The hawthorne legacy book series in order** It may not have been quite as good as the first one but it was fairly close: **The hawthorne legacy synopsis** I still ship Avery/Jameson over Avery/Grayson as I think AJ has much chemistry than AG but I think there are revelations to come there: **Hawthorne legacy book summary** Thanks to NetGalley & publishers Penguin Random House Children's UK for the opportunity to read an ARC: **The hawthorne legacy online book** Thanks to a DNA test Avery knows that shes not a Hawthorne by blood but clues pile up hinting at a deeper connection to the family than she had ever imagined: **The hawthorne legacy pdf** As the mystery grows and the plot thickens Grayson and Jameson two of the enigmatic and magnetic Hawthorne grandsons continue to pull Avery in different directions, **Medicine The Hawthorne legacy credit** And there are threats lurking around every corner as adversaries emerge who will stop at nothing to see Avery out of the picture by any means necessary. I commend her ability to keep me guessing. The romance. Final Thoughts I loved this book. This series is not one to sleep on. I loved every page. The never ending mystery.

## The hawthorne legacy pdf

Ready. Set. It felt SO GOOD to be swept away by their adventures. This book falls a little flat for me. Some Things I Liked The mysteries. My sole frustration is the romance. I don't know how to feel about that ending. I was left with some answers and even questions. I would and have recommended this book to others. Review I very much like J.L. And she isn't sure that this is a good thing. Thankfully both ended at the conclusion of the book. I loved the first book and I loved this one too. I cannot wait for the third book. I am voluntarily giving an honest review. The Hawthorne Legacy (The Inheritance Games 2).
