Empathetic relationships that suit you and your partners. Comprehensive and easy to read. I can't recommend it enough. The random spelling mistakes were a bit jarring. Otherwise a thoroughly enjoyable read. Gahrn's book landed in my inbox almost by accident. Annoying. Otherwise five stars. To say it was eye opening for me is proverbial underspeak. This is not a book on poly or ethical non monogamy. It's about uncommon love. Just not sexual or romantic. John of Kronstad and his wife. There's than one way up the love stairs. That's what this book is about. The tone is nonjudgmental non preachy beautiful. I should apologize but I don't yet want to. The origin? Cold mother perhaps. And finding a way to sustain the same. Or not. What a journey these last decades. Yes what of the Escalator relationship. Until one of you dies. Oh well. Very common. Well time to look again. Or poly people or triads or mono/poly couples. One size does not fit all. Gahrn writes about uncommon love and life. We are living longer these days three lifetimes in fact. This books lets you look into a lot of those worlds. It might be frightful however. Yes talking about intimate things? Taboo. Oh shock you can even be elected President and be such. That's a hard wall for many. (Sorry for the pun.) Yes consent is big; being brave to read this book: bigger. Many roads. Take a risk. Buy this book. Scare the horses I say. Send a copy to your daughter." Her writing has appeared in CNN.com Entrepreneur.com and many other venues. But that's just her day job.
