I seriously wish I could give this book stars but I can't the book was something! It was a slow burn yet somehow wasn't it was so frustrating to read like the burn took us to the last two chapters like I'm not One for having the couple be together by the 5th chapter but really chapter 39 ??? Nah it was too long and too drawn out for me some scenes were so good and it's what really made the book good but those weee few and far in between I've read my fair share of mafia books over the years and I can say this is not one I could recommend in good faith but the writing was good that I can say Shain Rose I have been impatiently wait for Bastian's book forever! I loved getting to know him better in this book. **Shattered Vows multiplication practice** 5 stars I waited for this book for awhile after seeing a few teaser tiktoks and it definitely held up to my expectations!! Morina is the type of girl I want to be but anxiety doesn't let me. **Shattered vows book shain rose** Safety: (look to my grds review for detail) Virgins noOw/om drama yes Cheating no Celibate after meeting yes Ow Shain Rose I love that even though the men in Shain Rose's books are strong her women are fierce. **Kindle Shattered vows template** If these are elements that you love in books you'll love Shattered Vows! Shain Rose has brought us another one to add the the favorites list! Shain Rose I've been waiting for Bastian to get his partner. **EPub Shattered vows wedding** I'm also a little confused with how often Bastien mentions indulging other women and if he did but then tells his wife to do so before telling her that she belongs to him. **EBook Shattered vows** He says he doesn't want them to be together because it will mess up her head and he wants her to have a clear head with the shares then he doesn't want to trap her even though the heroine loves him. **Kindle Shattered vows bridal** So shes constantly throwing herself at him in her defense he says and does sweet things like he wants her but then pushes her away and says they cant have sex even though they already did in the beginning. **Shattered vows free pdf** Then she threatens she will sleep with other people if he doesn't want her he starts touching and flirting other girls to get back at her for saying crap she gets back at him with by flirting/kissing other guys he then gets mad says shes his has sex or foreplay then he tells her they can't be together and it starts all over again. **Shattered Vows booking** He's pretty boring in the beginning and doesn't get much better unless he's being all possessive and him calling her little girl and her calling him daddy just didn't really fit in with this story or their personalities: **PDF Shattered vows** I love them together and hope to see of them in future books. **EPub Shattered vows bridal** Bastian is smoking hot! I do wish that we got to see of Kate and the rest of the gang, **Shattered Vows multiplication** They make an appearance.

Like the author forgot which POV she was in. **Kindle Shattered vows template** There was also an incomplete random sentence in there too like it was copy and pasted in the wrong spot or was

supposed to be deleted: **Shattered Vows booker** That one character being strong doesn't force the other to be weak: **Book Shattered vows** Bastian (Sebastian when ☐) and Morina were a true accidentally met and had a one night stand to enemies to lovers: **Shattered Vows kindle** ☐ Shain Rose I was blessed to receive an ARC of this book: **PDF Shattered vows examples** And the enemies to lovers aspects of this book with the fighting between them and the angst was just everything I love. **Shattered vows shain rose epub** I loved that this book showed us a completely different side to him than we've seen in other books in this book universe: **Kindle Shattered vows bridal** A few minor minor plot holes and could've used a bit editing (, **Shattered vows book pdf** 5 star went there) but it doesn't take away from the story, **Shattered vows book pdf** Morina and Bastien are angsty and fiery but I wish there had been a little less of the back and forth. **Shattered vows book pdf** He acted like jealous and possessive type but didn't completely follow through: **Shattered Vows multiplication facts** I like the hippie/mafia leader dynamic and the experienced heroine who gives as good as she gets and the hero getting used to the heroine's plants and crystals: **Book Shattered vows wedding** I also liked some of the banter and they had a few cute moments. **Shattered Vows booklet** My favorite part is definitely how experienced the heroine is though, **Shattered vows book pdf** She's young free sportswriters and can be immature but she wasn't weak naive inexperienced and she told it how it is: **Shattered vows book** What I didn't like was the constant push and pull the entire book (literally up to like 95%) and the hero not ever being able to make up his mind, **Book Shattered vows wedding** While the heroine is immature I'm just glad she didn't take it: **Multiplication Shattered vows bridal** While the hero was a douche (I'll put safety deets below) the heroine got back at him which makes me happy. **Shattered vows shain rose epub** But after all that push and pull when they finally get together it's a little too late no different than the other times and is super unsatisfactory: **Shattered Vows multiplication chart** The climax was eh and her getting mad even though she's been ignoring pretty much all his business the whole time was pretty dumb: **Shattered Vows multiplication facts** Not a ton of then but the ones that were there were super obvious: **Shattered vows book** For example it would be his POV and then it would randomly change to her POV for like a sentence and go back to his pov she seemed like someone I'd be friends with: **Shattered vows read online free** The relationship and character building was delicious and \*THOSE\* scenes well, **Shattered Vows multiplication cd** let's just say I checked my thermostat a couple of times because it got HOTT in here. **Kindle Shattered vows template** Shain Rose

. Morina was so free spirited and made Bastian less stuffy. When they first met their chemistry is off the charts. She was everything Bastian never knew he needed. They were complete opposites but worked so well together. The chemistry was there. The jealous scenes were there. The spice was THERE. Don't walk but run to download. I absolutely loved this book. Marriage of convenience is one of my favorite troupes. WAITING this whole time. With Morina.

It didn't feel rushed. Loved it. Shain Rose I really enjoyed reading this. Shain Rose Some good and some bad. Dumbest reasonings. Super annoying. I also didn't like how the hero's personality constantly changes. He's too indecisive to be a leader and husband too. Also there were a good amount of editing mistakes. I loved her so much. She was so strong in her own way. I preordered this book and I'd been waiting. I can tell you that it does NOT disappoint. She writes romance that cuts deep with a little edge. \$22
