As you would expect when its a safety issue. Great ideas on craft ideas. Well it's certainly been worth it. Thanks Paul. Hopefully the first of many books. Buying the book gives access to exclusive on line content. Highly recommended. Then Kirtley teaches campcraft projects large and small. Properly. Safely. Well. And what to make and how to make it in e.g. And lots of useful info on knots tarps etc. All great stuff for excellent camp craft.It's not about fire or foraging water purification or cooking. i.e.Just hope he writes books like this. 208 pages.
