Birthday Shot by Rilzy Adams is about social media influencer Shae Abbott and engineer Kofi Matthews, As a teen Shae had a crush on her older brother Sheldon's best friend Kofi. When Kofi visits Antigua for Sheldon's Kindle Edition Paperback I really liked the storyline of Shae and Kofi: Their relationship was fun playful and filled with sex what can one ask for, I kept smiling throughout this book it really was a great read: Kindle Edition Paperback I loved the friendship and banter between Shae and her best friend Jada especially when Jada was trying to hook Shae and Kofi together. Shae has always felt that the attraction was one sided. I enjoyed the blossoming romance between Kofi and Shae
